

# Tatsfield Walks

## Centre of the Village

No 1

Approximately  
2 miles  
1 hour

Start at Village Hall car park  
Cross Westmore Green  
Circle round to John's Road  
Up Old Lane, then Edgar Road  
Through Limehouse Bottom and  
back to the start.

**Leaving the Village Hall** (enter via the School entrance) car park proceed keeping the shops on your right and the village pond on your left onto Westmore Green.

After the last property on the right turn right and keep the children's play area on your left. Keep straight on until you reach the far side of the Green. You will see Rose Cottage on your right and a footpath directly in front of you. Follow this footpath for a short distance including where it opens out onto an unmade road and turn left.

**Continue on this road which becomes Goatsfield Road.** This eventually bears to the right and goes downhill. Continue on leaving a footpath and then Plumtree Cottage on the left until reaching a stile leading into a field.

**Cross straight over this field** to a stile on the opposite side of the field. This takes you to another unmade road where you turn right. This is Kemsley Road which becomes Westmore Road. Walk uphill past Springfield Cottage on the left and Shaw Road on the right and continue until you reach the junction with Crossways where you turn left. In about 50 metres cross a made up road into unmade Johns Road. Follow this downhill to a crossroads and go straight over leaving a house to your left.

**Proceed uphill** and at the sharp corner go round to the right leaving a house on your right. Follow this road past Barnsfield Road on the right almost to the end of Old Lane turning right into Edgar Road which is on the junction with made up Ricketts Hill Road.

**Follow Edgar Road uphill** and pass Colegates on your right. Continue passing an unmade road on your left and over another unmade road into a narrow downhill footpath (take care here). At the bottom cross a further unmade road. Follow this footpath and climb uphill (again take care). Proceed out of the wood where the path goes between high garden fences exiting into a made up road.

**Turn right** and then keep right and at the end of Shipfield Close turn left opposite The Bakery car park. Return from here to your starting point.
