

# Tatsfield Walks

## North West of the Village

# No 3

**Approximately**  
**2 ½ miles**  
**1 ½ hrs**  
**Several hills**

Start at Village Hall car park.  
Cross Westmore Green into  
Crossways, via fields on to  
Norheads Lane. Along  
Beddlestead Lane, fields, Lusted  
Hall Lane and back to the start.

**Starting at the Village Hall car park**, turn left and go across Westmore Green, keeping the village pond to your left. At the last house, turn right toward the children's' play area. Carry straight on passed Rose Cottage on the right. Follow this path for a short distance until it emerges on to an unmade road, Crossways.

**Turn left here**, and, after a short distance, the road bears to the right at a house called Storrington. Carry on forward until you will see a footpath sign on to the left. Follow this narrow path slightly downhill and over a stile into a field. Cross the field to a small copse and straight on until you reach a stile leading on to the road, Lusted Hall Lane.. Crossing the lane diagonally to the right, you will see a footpath sign to the left.

**Cross** here into the field (farmhouses to your right) and continue straight ahead where you will see a stile leading to a further stile into Home Wood . Follow the path through the wood for a short distance until you see some houses directly in front. The path diverts here, with the Biggin Hill path off to the right. Ignore this and turn left over the stile into a field then turning sharp right to follow the path downhill (there will be houses now to your right and stock fencing left).

**Continue downhill into the valley** and up the other side. About halfway up there will be a footpath sign to your right, ignore this and continue on up until reaching a stile in the top right hand corner marked by a metal FP sign.

**Crossing this stile continue uphill** following a narrow path through a wood until you reach another metal FP sign. Take the track off to the left keeping ahead across the field to a farm track- Norheads Lane. Turn left onto this track for about ½ mile. *(This was the course of the Roman road, the projection of which emerges onto Approach Road, just to the rear of "Waylands")*

**Continue along Norheads Lane** arriving at a 'T' junction, Beddlestead Lane where you turn left and, after a few metres, pass

Beddlestead House to the right. Continue on passing "Culverkeys" and other cottages on the left until reaching a metal farm gate about 500m to the left and marked with a bridleway sign. Go through this gate and head diagonally to the right and over toward a wooden gate and bridleway sign in the right hand corner.

**Walk downhill and through a small wood** emerging into a field where you continue forward keeping left and uphill to a metal gate in the left hand corner. Through the gate and continue forward where you will soon see some houses behind the tree line directly in front and emerge onto Lusted Hall Lane. Beware traffic, turn right and follow the short distance (slightly uphill) past The Copse and other houses on both sides to Westmore Green returning back to your starting point.
